

STATEMENT OF FAITH

I believe in a triune God who created the universe in justice, equity and harmony; eternal, sovereign, infinitely wise, acting in the history of creation and who was revealed to it in word and incarnated.

I believe in Jesus Christ as incarnated God revealed to the humanity by love, who lived, suffered, died and rose to open a way of reconciliation between humanity and God, through obedience of faith, expressed in service to the neighbor avid of hope, bread and support.

I believe in the Holy Spirit of God who supports, guides, inspires and provides tools to humanity to share with the human and natural context the testimonies of faith in God's actions and revelations.

I believe that the church is the body of Christ, integrated in a ecumenical community, created by God to meet women and men in love and faith; called to serve, to preserve the integrity of creation and with the mission to contribute in the construction of the Kingdom of justice, peace and love promised by God.

I believe that the water of baptism is a sacred symbol of renovation that God provide to humanity in order to receive us as part of God' people, thought the action and guidance of the Holy Spirit. Also, it calls the humanity and encourages us to be continually approach to God through the bread and wine.

I believe that the Bible is the written word of God that gives testimony of the God's salvation to the humanity, and calls us to serving in love to the neighbor, especially to those who are weak and needful.

I believe that the faith is the human action of trust that allow us to understand, receive and thank the salvation that grants to God's creatures in a sovereign way, by the infinite love, mercy and grace, liberating the human beign from the chains of sin, that create oppression and injustice among the creation.
